August 29, 2018

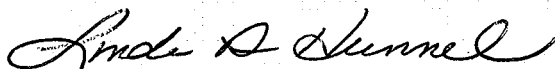

Dear Ms. Friedman,

The City of Worthing would like to thank the WARN program and Bill Thorson and Jeff Fossum of SDARWS for their help in obtaining equipment for the flooding that occurred in Worthing this summer.

As you are aware, budgets for small municipalities are stretched very thin. It was a great benefit to our City to have the use of the 6 inch trash pump for the month.

On behalf of the Citizens of Worthing, thank you for your assistance.

Sincerely,

Linda D. Hunnel
Finance Officer
