

4/12/12

Dear Brad,

Just a note to thank you for the tremendous assistance the City of Ft. Pierre provided late last week to respond to an emergency when the Perkins County Rural Water developed a serious leak.

Vernon Thorsen and Joey Montone were tireless workers, laboring through the night, refusing to stop for food, as they toiled to provide temporary water and then to repair the leak. Vernon was on the backhoe and Jody helped in the trench. They were outstanding! Thanks for responding when South Dakotans were in need.

Dennis
